

10SBN1 10PML1.

Following the Triple Science pathway. They will sit no external exams during year 10.

10SBN2 10PML2 and 10SBN3 10PML3

Final external exams for Core Science (AQA exam board) will take place in June 2015. They will sit 3 external exams BL1 CH1 and PH1. They will have had 3 attempts at the ISA internal assessment and the best mark will be used for their GCSE. These 4 units combine and will lead to the award of 1 GCSE grade. Please note that there will be no resit opportunities during year 11, so it is important that students do not see the Year 10 as a "practice run". In school we will be revising with students in the lead up to the exams. It would be of benefit to purchase a revision guide (available from the school finance office) and the You Tube site "my science GCSE" has a number of useful tutorials. In addition there are materials available on the school website.

11 SBN1 11PML1.

Following the Triple Science pathway (AQA exam board). Students will sit 9 exams over the exam period in June 2015. The units BL1, BL2 AND BL3 will combine with the Biology ISA internal assessment to make a Biology GCSE. CH1,CH2 AND CH3 will combine with the Chemistry ISA to make a Chemistry GCSE. Finally PH1, PH2 and PH3 will combine with the Physics ISA to make a Physics GCSE.

In school we will be revising with students in the lead up to the exams. It would be of benefit to purchase a revision guide (available from the school finance office). There is also a subscription based website "my science GCSE" which has a number of tutorials which previous students have found very useful. In addition there are materials available on the school website.

11 SBN2 11PML2 (groups a, b and c).

Complete Core Science in June 2014 and are now studying for their Additional Science GCSE (AQA exam board). They will sit 3 external exams BL2, CH2 and PH2. . They will have had 2 attempts at the ISA internal assessment and the best mark will be used for their GCSE. These 4 units combine and will lead to the award of 1 GCSE grade. In school we will be revising with students in the lead up to the exams. It would be of benefit to purchase a revision guide (available from the school finance office). There is also a subscription based website "my science GCSE" which has a number of tutorials which previous students have found very useful. In addition there are materials available on the school website.
