

## Student Letters

We understand that starting at a new school can give you mixed feelings, so below four students have kindly shared their own feelings during their first few days when they started at the Willink.

Dear Year 6,

I love school!!! Primary School was really fun but now at Secondary School there is such a variety of specialist subjects which can spark your inner talents! Whether it be English, Drama, Art, PE or Science, The Willink will help you achieve your goals. Just remember to always be happy and you will be ok – nothing can stop you if you try your best. When you arrive, even if you don't know anyone, you will be greeted by friendly peer mentors who are always there for you! Be happy and enjoy Willink.

Thea, 7 London

Dear Year 6,

This year has been a total blast. At first, I was shy and didn't know anyone. However, when we met our wonderful Form Tutor who helped me to meet people in my Tutor Group (I see them every day). The people are great here and we really get along. Within the first two weeks I had already met new friends. Hopefully, you also have a great time here. Enjoy!

Iles, 7 Mexico City

## Student Letters

Dear Year 6,

So far this year, school has been THE BEST. I have especially enjoyed the practical lessons (DT, P.E, Art, Drama and Science) as they are so interactive, creative and fun! Walking into the classroom is like walking into another world . . . The teachers are very patient and you get to do the most fun things (like drilling and baking!). In the different classes, you are met with friendly smiles and lots of opportunities to make new friends.

Even though the school might seem big, Peer Mentors help you to find your way around – and with lots of friendly greetings.

Mieke, 7 New York

Dear Year 6,

My time at The Willink has been so fun and exciting due to the fact that there are so many lovely people and fun lessons such as P.E, Drama, Cooking and Science! The school may seem big at first but by the end of the first week you will know your way around.

The staff at Willink are very helpful, kind and will tell you anything you need to know about where the class is. Everyone is friendly and I hope you have a fantastic time!

Noah, 7 Shanghai
